

Continued Education Points System Annual Classification Request 2022 Activities in 2021 ONLY

GUIDELINES

General.

The classification request is on activities in **2021 ONLY**. If this is your first attempt and you wish to do a career overview, please contact PGA HQ.

All activities shall be golf related.

1. General Experience

Part 1 is all about your position in your club. This could be your fulltime position or, alternatively, a position you hold next to your coaching/teaching position. Also a position outside the club which is golf related (such as club fitter, writer of articles in the golf press, Youtube video maker, etc.) can be mentioned in "Other General Experience"

2. Personal Development

This part is all about your knowledge and the update of it. Everyone loses 20 points in this category as a sort of a depreciation. You can gain points by following seminars/webinars, visiting Trade Shows, get an additional degree in management, publishing books or videos. **Just make sure to attach a certificate/payment proof if it is not PGA of Belgium organised!**

3. Positions of Responsibility

This section is reserved for those members holding a position of responsibility within the PGA, such as board members and instructors within the Education Programme.

4. Participation

There are 4 events that will count towards the classification: the AGM, the Omnium of Belgium, the PGA Championships and the Benelux PGA Trophy.

5. Tournaments

Here you can enter all your tournament stats.

See the Classification Programme file for more details and point values.
