OVERVIEW LOCAL RULES SPECIFIED ON PGA HARD CARD 2026

MODEL B-2.1 PENALTY AREAS

When a player's ball is in a penalty area, including when it is known or virtually certain to be in a penalty area even though not found, the player may take relief using one of the options under Rule 17.1d.

Or, when the ball last crossed the edge of the red penalty area, as an extra relief option adding **one penalty stroke**, the player may drop the original ball or another ball on the opposite side of the penalty area:

- Reference Point: The estimated point on the opposite edge of the penalty area that is the same distance from the hole as the estimated point where the original ball last crossed the edge of the red penalty area.
- Size of Relief Area Measured from Reference Point: Two club-lengths, but with these limits:
- Limits on Location of Relief Area:
 - Must not be nearer the hole than the reference point, and
 - May be in any area of the course except the same penalty area, but
 - If more than one area of the course is located within two club-lengths of the reference point, the ball must come to rest in the relief area in the same area of the course that the ball first touches when dropped in the relief area.

MODEL E-1.1 DROPPING ZONES

If a ball is in the penalty area identify location, including when it is known or virtually certain that a ball that has not been found came to rest in the penalty area, the player has these relief options, each for **one penalty stroke**:

- Take relief under Rule 17.1, or
- As an extra option, drop the original ball or another ball in the dropping zone describe how the dropping zone is defined and where located. The dropping zone is a relief area under Rule 14.3.

MODEL F-7 SEAMS OF CUT TURF

If a player's ball lies in or touches a seam of cut turf or a seam interferes with the player's area of intended swing:

(a) Ball in General Area. The player may take relief under Rule 16.1b.

(b) Ball on Putting Green. The player may take relief under Rule 16.1d.

But interference does not exist if the seam only interferes with the player's stance.

All seams within the area of cut turf are treated as the same seam in taking relief. This means that if a player has interference from any seam after dropping the ball, the player must proceed as required under Rule 14.3c(2) even when the ball is still within one club-length of the reference point.

MODEL F-5 IMMOVABLE OBSTRUCTIONS CLOSE TO PUTTING GREENS

Relief from interference by an immovable obstruction may be taken under Rule 16.1.

The player also has these extra options to take relief when such immovable obstructions are close to the putting green and on the line of play:

Ball in General Area. The player may take relief under Rule 16.1b if an immovable obstruction is:

- On the line of play, and is:
 - Within two club-lengths of the putting green, and
 - Within two club-lengths of the ball.

Exception - No Relief If Line of Play Clearly Unreasonable. There is no relief under this Local Rule if the player chooses a line of play that is clearly unreasonable.

MODEL E-11 PERMANENT OVERHEAD POWER LINES

If it is known or virtually certain that a player's ball hit a power line or tower or a wire or pole supporting a power line during play, the stroke does not count. The player must play a ball without penalty from where the previous stroke was made (see Rule 14.6 for what to do).

MODEL G-1 LIST OF CONFORMING CLUB HEADS

Any driver the player uses to make a stroke must have a clubhead, identified by model and loft, which is on the current List of Conforming Driver Heads issued by The R&A. This list is regularly updated and is found at RandA.org.

Exception – Pre-1999 Driver Heads: A driver with a clubhead that was made before 1999 is exempt from this Local Rule.

MODEL G-2 GROOVE AND PUNCH MARK SPECIFICATIONS

In making a stroke, the player must use clubs that conform to the groove and punch mark specifications in the Equipment Rules that took effect on 1 January 2010.

An Equipment Database of fairway woods, hybrids, irons and wedges which have been tested for conformance to the current Equipment Rules is found at RandA.org.

Penalty For Making a Stroke with Club in Breach of this Local Rule: Disqualification.

There is no penalty under this Local Rule for carrying but not making a stroke with a club which does not conform to these groove and punch mark specifications.

MODEL G-3 CONFORMING BALL LIST

Any ball used in making a stroke must be on the current List of Conforming Golf Balls issued by The R&A. This list is regularly updated and is found at RandA.org.

Penalty for Making a Stroke at a Ball Not on Current List in Breach of this Local Rule: Disqualification.

MODEL G-4 THE ONE BALL RULE

During an entire round, each ball at which the player makes a stroke must be the same brand and model as found in a single entry on the current List of Conforming Balls.

If a different brand and/or model is dropped, replaced or placed but has not yet been played, the player may correct the mistake by stopping use of that ball, without penalty, under Rule 14.5. The player must drop, replace or place a ball of the same brand and model as used at the start of the round.

When the player discovers he or she has played a ball in breach of this Local Rule, he or she must stop using that ball before playing from the next teeing area and complete the round with a ball of the same brand and model as used at the start of the round; otherwise the player is **disqualified**.

If the discovery is made during the play of a hole, the player may complete play of this hole with the ball played in breach or place a ball of the correct brand and model on the spot where the ball played in breach of this Local Rule was lifted from.

Penalty for Making a Stroke at a Ball in Breach of Local Rule:

The player gets the **general penalty** for each hole during which he or she is in breach of this Local Rule.
